“...this software is absolutely incredible... it will blow your mind...if it says PASS...you will get a modification”

--#1 Real Estate Radio Show in Sacramento KSTE

Software Testimonials

"I just want to thank you for this wonderful loan modification software, because thanks to that software I have been able to help people to get on their feet's reducing the mortgage payments.

As the owner of ID&J MULTIPLE SERVICES I want to say that thanks to the easy way to use the software in the last Month I was able to see three families very happy, because they were able to get loan modification under the HAMP reducing their payment from \$800.00 to \$1,100.00 per Month, So those families that used to pay \$2,600.00 per Month now they are paying between \$1200.00 and \$1500.00 per Month.

I am very satisfied with this software and I am planning to use any software that you get on the market.

The reason why I love this software is because is easy to use, inexpensive and very accurate.

Again, Thank you very much and keep up with good work in developing software's that help people that really need it.

Service Testimonials

...provide a Forensic Loan Audit and Mortgage Modification team that I've found to be second to none. I've used several Audit and Modification organizations in the past, yet none of them compare to the level of service and the results provided by Strong Family Fund.

...is extremely responsive to inquiries and questions, they have great communication channels for providing information/updates to myself and my clients, their Audits are extremely thorough, and their turnaround time is amazing!

I would highly recommend Strong Family Fund to any individual or organization that needs an Audit or a Mortgage Modification team that's results-oriented, and that they can trust and count on. -- Ryan Evans, Director Operations Loss Mitigation Professionals (Subcontracted Lenny Dykstra Audit)
